2. Overview of new Emerging Tech website and proposal submission portal

Activity update

In-Flight Pilot Projects

26

In-Flight Research Projects

16

Projects Completed Since 1/1/18

23

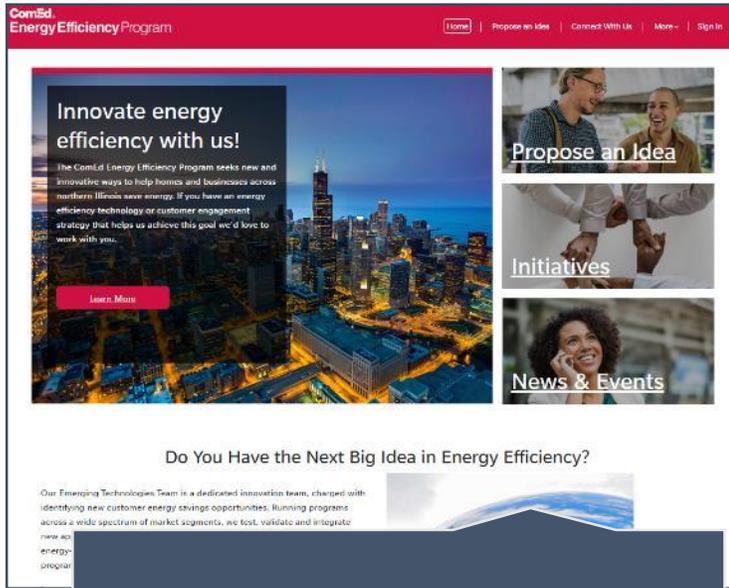

Project Partners & Memberships

40+

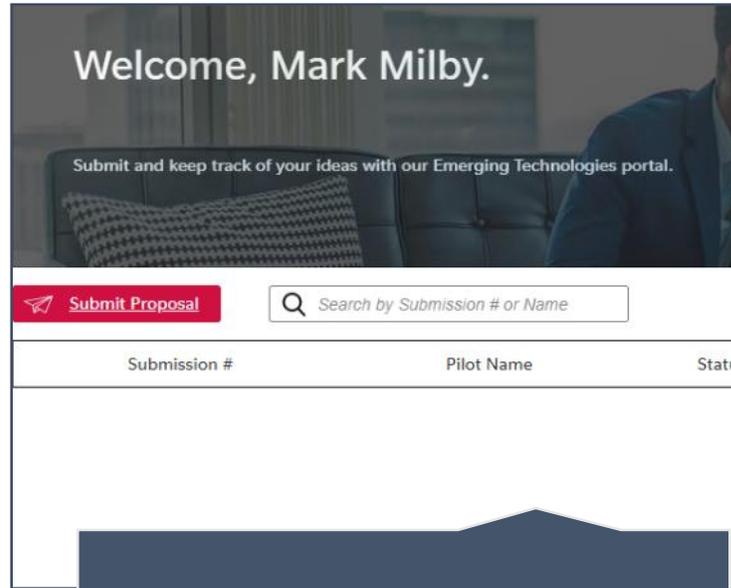

Updated 9/12/2019

Public website & submission portal

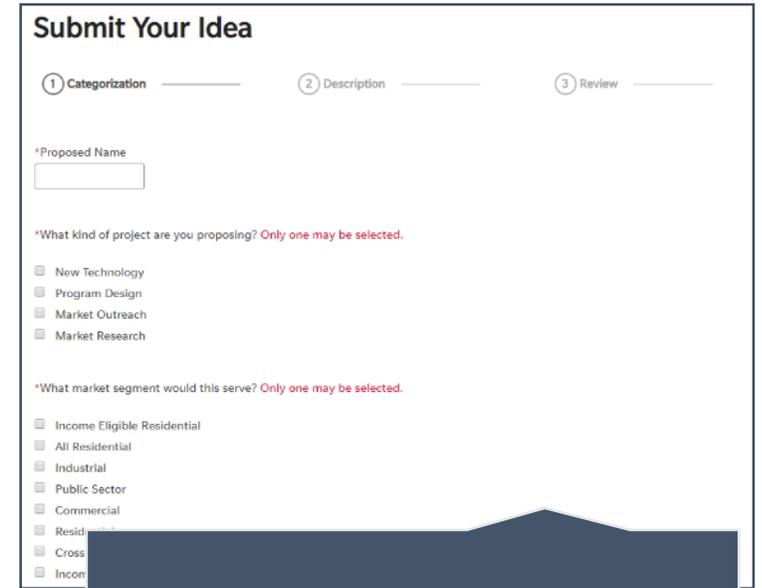

Showcase & Inform

Pages for background, past and current projects, upcoming solicitations, proposal submission guidance and FAQs

Increase Transparency

Users who create a profile have a dashboard that tracks submission status

Simplify & Organize

Simplified portal makes the submission process accessible for many types of submitters and manageable for our team
