

# Next Steps

If there is agreement on documenting the Inflation Reduction Act (IRA) savings attribution policy in the Illinois Energy Efficiency Policy Manual, the utilities will jointly prepare a policy document for review

1. The final draft policy document will be circulated for review to the distribution list from the March 3 SAG Small Group Meeting
2. If needed, a follow-up discussion will be scheduled with parties who share proposed edit(s)
3. The final policy document will be posted on the [Policy page](#) of the SAG website
4. The policy will be included in a future update to the Policy Manual. Two options:
  - The Policy Manual will be updated in mid-2026 to correct errors due to the passage of CRGA
  - A comprehensive Policy Manual update process is anticipated to begin in 2027
