

## **SAG Policy Manual Subcommittee**

### **Summary of Next Steps from May 31, 2023 Meeting**

#### **Allowing Renewable Measures Under EE Programs Policy:**

- A Policy Small Group meeting will be held on **Wednesday, June 14** to review the policy proposal further, including discussing a list of proposed measures, both electric and gas.
- Ameren Illinois and ComEd will follow-up with Karen Lusson on the following request: *In your electrification work to date, two questions: (1) do you show total bill impacts of all measures installed; (2) electrification measures vs. other measures, such as insulation; (3) if 2 is correct, have you ever had a situation where the electrification measure(s) actually INCREASES the bill if listed as a stand-alone item(s)?*
