IQ-S NEXT STEPS ON CBO/CAA FEEDBACK

ANNETTE BEITEL

SR. FACILITATOR –

IQ-S COMMITTEE

NOVEMBER 16, 2020

Next Steps

2

- **Next Steps: November 30, 2016 IQ-S Meeting**
 - CBO/CAA will provide their feedback
 - Utility will provide response to feedback from CBOs/CAAs
 - Small group break-outs (if time)
- **Details**
 - Two hours, max (per feedback from CBOs/CAAs)
 - Invitees: CBOs/CAAs; Sponsoring utilities; IQ-S IQ Implementation Contractors; Non-financially interested stakeholders, SAG Facilitator
- **Goal**
 - CBOs/CAAs not only provide feedback, but get to hear utility response at same time.

Responding to Nov. 16 SAG Feedback on IQ Programs

3

- **IQ-S/SAG Coordination**
 - Small group feedback sought CBO/CAA input on all SAG suggestions made in April. Generally, CBOs/CAAs favorably responded to most suggestions, including suggestions made by CBOs in North
 - ✦ e.g. Porch Light Program extremely popular idea.
- Many more IQ ideas coming today
- **IQ-S Facilitator will invite those who made suggestions today to small group meeting to discuss soon after Nov. 30 to discuss**
 - ✦ Which ideas have already been addressed
 - ✦ Which ideas Ameren IL is planning to address next year or in next four year plan
 - ✦ Which ideas may be inconsistent with general CBO/CAA feedback already received
 - ✦ Focused discussion on remaining issues that are truly new and have not already been addressed.
- **Final Thought: Collaboration is key**, but Ameren IL significantly guided by input from CBOs/CAAs who best know the communities they serve. Do non-financially interested parties have the same view about importance of having programs primarily guided by CBO/CAA feedback?
