

SAG Process for Addressing Policy Issues

Background

- Policy issues are typically resolved through the **SAG Policy Manual Subcommittee update process**
- Policy Manual is updated every 3-4 years
- Policy questions may arise that require discussion and resolution while the Policy Manual Subcommittee is inactive
- Policy Manual Subcommittee is currently inactive, since Policy Manual Version 3.0 and IL-TRM Policy Document Version 4.0 were approved by the Commission in December 2023

SAG Process for Addressing Policy Issues

1. The SAG Facilitator will review policy requests and schedule for SAG discussion as needed.
2. Background on the policy request will be presented to interested SAG participants.
3. Proposed policy resolution will be circulated to SAG for review, including a request for edits or questions, with a minimum of ten (10) Business Days provided for review.
4. If the SAG Facilitator receives substantive edits, questions or concerns regarding proposed resolution of an open policy issue, a follow-up SAG discussion will be held with interested SAG participants.
5. Final resolution will be documented on the [Policy page](#) of the SAG website.
6. The SAG Facilitator will maintain a “Policy Tracker” describing any policies to be considered in a future update to the Policy Manual or IL-TRM Policy Document.

Policy resolution may require a [Stipulated Agreement](#). Whether or not a stipulated agreement is required will be determined by utilities and non-financially interested stakeholders.
