2024 Working Group: TRM Format

- The 2024 TRM Administrator contract included a commitment to form a Working Group to explore potential improvements to the TRM format.
- Current TRM is published in Microsoft WORD and is over 1,700 pages across four volumes.
- Potential improvements to user friendliness, stability, documentation, data management etc.
- Working group is exploring potential options, including eTRMs and alternative publishing software.
- Plan to hear presentations from 3 existing eTRMs (California eTRM, Massachusetts eTRM and a VEIC application).
- Goal to develop a roadmap for improvements to be implemented in the coming years.
