

IL EE Stakeholder Advisory Group

September 2019 Large Group Meetings to Discuss Evaluator Net-to-Gross (NTG) Recommendations

Teleconference Meeting #4:
Friday, September 20, 2019 (9:30 am – 12:00 pm)

Attendees and Summary of Follow-Up Items

Action items are indicated in this document in **yellow** highlight. Additional notes within the Excel NTG recommendation documents are posted on the SAG website:

http://www.ilsag.info/ntg_2020.html

SAG Meeting #4 – Friday, September 20

The fourth meeting focused on discussing follow-up to evaluator Net-to-Gross (NTG) recommendations presented during the first three meetings. SAG also discussed where there is consensus agreement on values. The consensus discussion will be finalized during meeting #5 (Friday, Sept. 27).

Meeting #4 Teleconference Attendees

Celia Johnson, SAG Facilitator
Nick Hromalik, Midwest Energy Efficiency Alliance – Meeting Support
Laura Agapay-Read, Navigant
Frankie Atwater, IL Association of Community Action Agencies (IACAA)
James Carlton, People for Community Recovery
Ian Champ, CLEARresult
Jane Colby, Cadmus Group
Kristina Crandall, Navigant
Erin Daughton, ComEd
Scott Dimetrosky, Apex Analytics
Jeff Erickson, Navigant
Michael Freed, Navigant
Omy Garcia, Peoples Gas & North Shore Gas
Jean Gibson, Peoples Gas & North Shore Gas
Kevin Grabner, Navigant
Randy Gunn, Navigant
Vince Gutierrez, ComEd
Hannah Howard, Opinion Dynamics
Larry Kotewa, Elevate Energy
Wade Morehead, Leidos
Sharon Mullen, Navigant
Rob Neumann, Navigant
Victoria Nielsen, Applied Energy Group
Theo Okiro, Future Energy Enterprises
Zach Ross, Opinion Dynamics
Elena Savona, Elevate Energy
Cherlyn Seruto, Navigant

Jacob Stoll, ComEd
Bryan Tillman, 360 Energy Group
Andy Vaughn, Ameren Illinois
Mary Jo Warskow, Elevate Energy
Tatjana Gasic, Navigant
Arvind Singh, DNV-GL
Chris Vaughn, Nicor Gas
Sara Wist, Cadmus Group
Andrew Cottrell, Applied Energy Group

Meeting #4 Action Items

Ameren Illinois Evaluator NTG Recommendations

- No follow-up items.

ComEd Evaluator NTG Recommendations

C&I LED Street Lighting – City of Chicago

- ComEd is reviewing the updated NTG ratio recommended from Navigant.
 - Follow-up in meeting #5.

Income Eligible – Product Discounts – Big Box, DIY, Warehouse (all lighting)

- ComEd and ICC Staff proposed 0.62 for the NTG value. Navigant is fine with this result.
 - Laura Agapay-Read will follow-up with Jennifer Morris to confirm the rationale behind the 0.62 value.

Residential Home Energy Assessment – Pipe Insulation

- ICC Staff proposed using gas NTG ratios for therms ComEd can claim. Navigant thinks it makes more sense to use a ComEd NTG ratio.
 - Celia to follow-up with Jennifer Morris, ICC Staff. Follow-up in meeting #5 if needed.

Nicor Gas Evaluator NTG Recommendations

- *New recommendation from Navigant:* Navigant recommends that results from recent weatherization measure free ridership research we conducted for ComEd be used for the northern IL gas utilities on these joint measures (air sealing w/out attic insulation, duct sealing, and wall insulation). The spillover should remain utility-specific.
 - Follow-up in meeting #5.

Peoples Gas & North Shore Gas Evaluator NTG Recommendations

- *New recommendation from Navigant:* Navigant recommends that results from recent weatherization measure free ridership research we conducted for ComEd be used for the northern IL gas utilities on these joint measures (air sealing w/out attic insulation, duct sealing, and wall insulation). The spillover should remain utility-specific.
 - Follow-up in meeting #5.

Next Steps

- The final discussion of NTG ratios will be held during NTG Meeting #5: Fri., Sept. 27 (9:30 am – 12:00 pm)
