 - Highest score of 20 for MA and RI.
- Individual score in State Government Initiatives is **5.5 out of 7**.
 - Highest score of 6.5 for CA.
- Individual score in Building Energy Codes is **6 out of 7**.
 - Highest score of 7 for CA.
- Individual score in CHP is **1.5 out of 5**.
 - Highest score of 4.5 for MA.
- Individual score in Appliance Standards is **0 out of 5**.
 - Highest score of 2 for CA.

Areas of Focus – Illinois Scores

- **Utility & Public Benefits Program:**
 - Score dropped in 2014 to 9 from 9.5 in 2013.
 - Look at MA and RI to improve score.
- **State Government Initiatives:**
 - Score increased in 2014 to 5.5 from 5.0 in 2013.
 - Compare CA state programs for improvement.
- **Building Energy Codes:**
 - Score increased in 2014 to 6.0 from 5.5 in 2013.
 - Statewide code compliance program initiative.
- **CHP:**
 - Score dropped in 2014 to 1.5 from 2.0 in 2013.
 - CHP Subcommittee work should improve score.
- **Appliance Standards:**
 - Score remained at zero for 2014 and 2013.

Economic Impact of Energy Efficiency Program - Metrics

- Economic impact multipliers measuring re-spending of dollar in economy.
- Total output: This is akin to total sales – it is the total value of all goods and services that change hands as a result of a given activity.
 - Total impact would be **hundreds of millions** for our programs.
- Total employment: This represents the number of jobs that can be supported by the given activity. Often referred to as “jobs created,” it is actually a sum of the number of jobs needed to perform the necessary activities. It includes full-time, part-time, temporary and seasonal workers as well as the self-employed required across all sectors of the economy.
 - This would be **thousands of jobs** supported (direct, indirect, seasonal, etc.) through our programs.
- Total wages: This represents the amount businesses will pay out in wages to support the change in final demand, across industries.
 - This would be **hundreds of millions** in wages to support thousands of jobs.

Ideas for Communicating Wins

- Listing of awards and recognitions across portfolios
- SAG “Scorecard” with key metrics
 - Total savings (1st year, lifecycle, both?)
 - Dollars into the economy
 - Jobs supported
 - Diverse vendors engaged
 - Customers participating
 - Carbon reductions
- Other ideas?
