

# IL-TRM Platform

---

Presented to the SAG July 28, 2015

By: Stefano Galiasso  
Shraddha Mutyal

# Agenda

---

- \* ERC
- \* IL TRM
- \* TRM use
- \* Proposed Solution
- \* Conclusions

# Energy Resources Center

---

- \* Founded in 1974
- \* Mission: provide comprehensive, cutting-edge solutions to Energy and Environmental problems
- \* College of Engineering at the University of Illinois-Chicago
- \* Staff of 20 Professionals + 6-10 student interns

# The IL TRM

- \* The TRM was born to introduce consistent savings algorithms in IL
- \* Word doc has grown to >800 pages, 139 measures (93 C&I, 46 Res) with 100,000s possible permutations
- \* Following the TRM, each PA/Evaluator has built their own calculator

# How is the TRM used?

- \* The TRM is used for:
  - \* Program Analysis
  - \* Planning
  - \* EMV
- \* But it CANNOT be used for Analysis, Planning or EMV!
- \* Effective as a single measure reference but not for program / portfolio

# Platform Development

---

- \* Working on 3-year plan for DCEO
- \* ERC is uniquely positioned:
  - \* Statewide
  - \* Both Gas and Electric
- \* Developed tool and then evolved incorporating SAG feedback

# Proposed Solution

---

- \* A flexible platform that is:
  - \* Transparent
  - \* Accessible and secure
  - \* Easy to use

# Demonstration

---

- \* Quick Demo

# Conclusions

---

- \* It's ready and publicly available!
- \* We are committed to its constant improvement and update
- \* It's simple to use by anyone who knows Excel

# Thank You!

---
