### **Meeting Notes (Day 1)**

Action items are indicated in **yellow** highlight.

#### **Nicor Gas Updated Portfolio of Programs (Jim Jerozal, Nicor Gas)**

- CIC Question: Segmenting multifamily data. It would be helpful if Hammad could separate out MF for all relevant tracks in PY7.
  - **Nicor Gas to review data request.**
- ELPC Question: Cold water washing behavioral pilot – what is the status / when will results be available?
  - The pilot is launching this fall, to run through the end of PY6. Nicor Gas is interested in discussing results in SAG. There are other cold water washing ideas running through the Emerging Tech Program that SAG may be interested in.
  - **Follow-up: SAG Facilitation to add cold water washing pilot results to the SAG “parking lot” list for scheduling at a later date.**

Next steps: Nicor Gas will continue working with non-financially interested stakeholders that intervene in EE Plan dockets for feedback and negotiation on their Energy Efficiency Plan.
