

## Summary of Follow-up Items from April 9-10, 2024 Large Group SAG Meetings

### **Tuesday, April 9 SAG Meeting**

- Meeting page: <https://www.ilsag.info/event/tuesday-april-9-sag-meeting/>
- The [Energy Efficiency Ideas Tracker](#) summarizes all EE Idea submittals.
- [Tuesday, April 9 SAG Agenda](#)
- [SAG Facilitator Introduction: April EE Idea Meetings](#)
- [Recurve EE Ideas Presentation](#)
- [Joint Stakeholder EE Ideas Presentation](#)
- Follow-up: [April 9, 2024 Large Group SAG Attendees and Notes](#)

### **Joint Stakeholder Small Business Ideas:**

1. Ted Weaver asked whether there are models for this type of program. Phil Mosenthal suggested Massachusetts has provided comprehensive small business programs. Chris Neme suggested Connecticut may be an example. Phil and Chris to look into this question and follow-up.
2. Phil Mosenthal will identify who to talk to in Massachusetts regarding refrigeration.

### **Joint Stakeholder Commercial & Industrial Ideas:**

1. Phil Mosenthal will send Jim Fay information about the Connecticut lighting controls program.
2. Chris Neme will follow-up with Jim Fay on the grid assumptions report (mentioned during the CHP idea presentation).

### **Wednesday, April 10 SAG Meeting**

- Meeting page: <https://www.ilsag.info/event/wednesday-april-10-sag-meeting/>
- The [Energy Efficiency Ideas Tracker](#) summarizes all EE Idea submittals.
- [Wednesday, April 10 SAG Agenda](#)
- [SAG Facilitator Introduction: April EE Idea Meetings](#)
- [Vote Solar EE Idea Presentation](#)
- [Joint Stakeholder EE Ideas Presentation](#)
- Follow-up: [April 10, 2024 Large Group SAG Attendees and Notes](#)

Joint Stakeholder EE Idea for ComEd – Relax criteria for weatherizing electrically heated homes (EE idea tracker row 28):

- Kara Jonas (ComEd) will share more information about contractor challenges serving manufactured homes.

Joint Stakeholder EE Idea for ComEd and Ameren Illinois – Enhance and clarify electrification offerings and coordination with one-stop-shop (EE idea tracker row 9):

- Stakeholders are interested in additional information about any existing cross-program coordination from both ComEd and Ameren Illinois, between IQ multifamily programs and electrification programs.

Joint Stakeholder EE Idea for All Utilities – Continue to determine IQ eligibility using the qualification methodologies that are the least burdensome and time-consuming for building owners and maximize the potential for and ease of participation in their IQ multifamily programs (EE idea tracker row 12):

1. Stakeholders are interested in whether the northern IL IQ single family retrofit program will use census tract for qualifying customers. ComEd will follow-up.
2. Community Investment Corp. will follow-up on Ameren's question if stakeholders have a "ranking" of the lease burdensome IQ eligibility qualification pathways, which are described in the IL EE Policy Manual.
3. Which methods are the utilities currently using to determine IQ eligibility for 1) IQ Multi-Family programs and 2) IQ Single Family retrofit programs.

Joint Stakeholder EE Idea for All Utilities – Tenant Protection Agreements (EE Idea tracker row 39):

1. Karen Lusson will look into Ameren's question on whether tenant protection agreements could apply for Inflation Reduction Act (IRA) federal programs.
2. Karen Lusson will share examples with utilities.
3. Stakeholders will consider the compliance/enforcement issue that was raised.

Joint Stakeholder EE Idea for All Utilities – Quality Assurance / Quality Control requirements for IQ weatherization (EE Idea tracker row 38):

- Utilities requested additional information on issues this proposal is trying to resolve. Karen Lusson will follow-up with John Pady.
